Tri-State Alpine Ski Racing Association

Dear Parents,

WELCOME! I am happy to introduce you to the Thunder Ridge Race Team. The team has been in existence for over 30 years. I have had the pleasure of coaching many fine athletes over the years and am excited to be working with your child. My name is Michael Kemmer and I founded and run the race team here at Thunder Ridge. I have an extensive background in ski racing. I am a graduate of Stratton Mountain Ski Academy and Johnson State College. I have raced at the National level as well as the collegiate level. I am a Level 200 certified USSA Coach and also a Level 3 PSIA certified instructor. I hope you find this handbook informative and helpful.

Thunder Ridge Race Team is a Club member of the United States Ski & Snowboard Association (USSA) and we compete within the Connecticut Youth Ski League (CYSL) and the Tri-State Alpine Ski Racing Association. All ages are invited to begin dry land training the first Sunday in November and will continue until on the snow training begins mid December.

Training will consist of dry land practice, ski instruction, as well as videotape analysis, gate training, drills, critiquing, and films. The Race Team competes for 14 weeks and includes over 100 hours of training.

The Thunder Ridge Developmental Race Team is designed for the skier **8 to 10** years old who is interested in racing in the future. The purpose of this team is to develop skiing skills and introduce racing techniques. Nine and ten* year olds have the option of joining the Race Team or spending the season developing skills in the Developmental Program. Please see more detailed information on the next page.

This handbook has been compiled to help guide you through the process of properly registering your child for the upcoming ski season. If the answer to your question is not in here please feel free to call Thunder Ridge or me.

The most important thing you need to remember is that the skiers are classified into one of six categories. The ages are as follows:

U21 = 20 and 19 year olds

U19 = 18, 17, 16 year olds

U16 = 15 and 14 year olds

U14 = 13 and 12 year olds

U12 = 11 and 10 year olds

U10 = 9 and 8 year olds

The cut off for the ages is December 31st. There are no exceptions to this rule. There will be more information about this in the following sections.

Please keep this guide handy since you will be referring to it frequently throughout the season.

Sincerely,

Michael Kemmer

Covid 19 Guidelines for 2020-2021 Season

The following is a list of updates and logistics for the 2021 Race Team Program with regards to the impacts of COVID-19. Thunder Ridge Ski Area will be closely adhering to Federal, State and County restrictions. Overall our goal will be to keep participants outside as much as possible, keep facilities and equipment clean and limit close contact. Maintaining everyone's good health, whilst developing skiing and racing skills in a fun mountain environment is our top priority! It's possible that some of the restrictions may change over the course of the program. In these instances we will keep you up to date with any changes as soon as they become available.

Chairlift Training:

At Thunder Ridge Ski Area we take chairlift safety very seriously. All participants in our Race Team program must participate in chairlift training prior to program commencement. You must be able to load independently, pull down the safety bar, and unload independently in order to qualify for the team. You will be *required* to pass a chairlift test in order to participate in the Race Team program. **If Chairlift Training and Test has not been completed, your child will not be able to participate. If you are unable to commit to your child participating in Chairlift Training before the program starts please do not sign them up.**

Screening Procedures:

For the protection of fellow participants, their families, and our Thunder Ridge staff, all race team members will be required to fill out a Daily Health Screening. This will include a series of questions regarding Covid-19 symptoms or exposure by the racer or any immediate family member.

Group Assignments:

Once a participant is assigned to a group they will remain with that group until that session ends for the day. We will not be moving participants from group to group to limit the amount of exposure to other individuals. Accurate group attendance will be taken to help facilitate any contact tracing when necessary. Racers within the same group and their coaches, where possible, will social distance from each other.

Masks:

Luckily, skiers and racers are no strangers to wearing masks! Racers and coaches will be required to wear masks while outside on the snow, on lift lines, riding the chairlift, and when social distancing is not possible. Masks must also be worn when entering the lodge to use the restrooms. No exceptions will be made.

Personal Belongings:

All personal belongings that are not being used while skiing must be stored in your car. The locker room will not be available for the 2020-2021 ski season due to social distancing regulations set forth by State and Local officials. We will be unable to store personal belongings.

Sick Policy:

If your racer is not feeling well the day of practice or a race, please stay home!

****We appreciate your patience and understanding during these challenging times! Please understand that these directives may change at any time, either ahead of or during the ski season, and that any such changes will be beyond our control.**
